

EQUIPMENT FOR BORDER POLICE ALBANIA

Ref: EuropeAid/120578/C/S/AL

In cooperation with Sagem Defense, Sphinx has supplied specific equipments for the Border Control and Green Border Management for the Albanian State Police.

The most important part of these equipments were 11 Thermal Image Portable System (MATIS) and 22 Night Vision Goggles (Clara NVG)

Following this contract signed with the European Delegation in Albania, several similar equipment were provided to the Albanian State Police through a close cooperation with OSCE representation in Albania.

Actually, more than 20 MATIS and 50 Clara NVG are actually in duty and used by the Border and Migration Police in Albania.

Those powerful goggles strengthen the police in its fight against the organized crime.
